WASHINGTON NOTES.

Chinese Exclusion Bill the Content before the Senate.

DIFFE ON THE BILL

Senators Foraker and McLaurin Speak Against the Measure and Senator Teller for it—Cuban Reciprocity Before House.

Washington, April 15.—The Chinese exclusion bill occupied the attention of the senate throughout Monday. Senators Foraker of Ohio and McLaurin of South Carolina making extended speeches in opposition. Mr. Foraker contended that the pending measure was violative of our treaty with China and was calculated to prevent our commercial expansion in the far east. While strongly supporting the policy of the government to exclude Chinese laborers, the Ohio senator maintained that this could be best accomplished by an extension of the present law, holding that the drastic provisions of the pending bill would cut off our trade with China, and thus wreck the cotton industry of the south.

Mr. Teller briefly responded to Mr. Foraker, urging that the right to abrogate treaties was fully recognized.

Mr. Lodge of Massachusetts gave notice of an amendment striking out the much discussed clause prohibiting the employment of Chinese sailors on American vessels.

Interest in the Cuban reciprocity debate in the house seems to be waning, judging by the attendance on the floor Monday, but the earnestness of the speeches on both sides of the question increased rather than decreased. That the Republican opponents of the bill are determined to prolong the struggle as much as possible was made manifest Monday by their refusal to allow speeches to be printed in the record. The speakers Monday were Messrs. McCall of Massachusetts and Brantley of Georgia, for the measure, and Messrs. Robertson of Louisiana and Stevens of Minnesota, against it. Mr. Robinson of Indiana, opposed Cuban annexation, on the ground that it would threaten the welfare of the American wage earners.

Clarkston Surveyor of Customs.

Washington, April 15.—The president has determined upon the appointment of James S. Clarkston of Iowa, formerly first assistant postmaster general, to be surveyor of customs of the port of New York.

It was also announced at the White House yesterday that Lieutenant Sharkey, naval officer at New York, will be reappointed.

Postmasters Appointed.

Washington, April 15.—The president has sent the following nominations of postmasters to the senate:

Arkansas—Benjamin J. Rosewater, Eureka Springs, and B. F. Campbell, Fayetteville.

Louisiana—John A. Duplan, Patterson.

Oklahoma—Harrison Brown, Watonga, and Wm. E. Johnson, Tecumseh. Texas—Robert J. King, Clarksville; Joe T. Cunningham, Graham, and Josephine Chesley, Belleville.

Increase in Pensions Recommended.

Washington, April 15.—The senate committee on pensions has ordered a favorable report on bills granting increases of pensions to soldiers who have lost arms, legs or feet. The increase will be \$15 per month each and will increase the annual pension appropriation bill \$1,300,000.

The committee also ordered a favorable report on a bill increasing from \$30 to \$40 per month the pension of those who are totally deaf. This will increase the pension list \$38,000.

Archbishop Ryan a Commissioner.

Washington, April 15.—The president has appointed Archbishop Ryan of Philadelphia a member of the board of Indian commissioners.

Two Railroads for Okmulgee.

Okmulgee, I. T., April 15.—The ceremony of breaking ground for the Ozark Central railroad took place here Monday and marks an important epoch in the history of Okmulgee. At 9 o'clock the commercial club, headed by President McLagan and Mr. Dexter, followed by the band, citizens in carriages and a string of 200 mules and scrapers proceeded to the depot grounds, and after music and speeches by Mayor Johnson and Senator Murphy, Mr. Dexter proceeded to turn the first sod. This makes two railroads for Okmulgee and the Choctaw has also located here and will begin to throw dirt next week.

Prominent Railroad Man Dead.

St. Louis, April 15.—Chas. D. Ogden, former general freight agent of the Little Rock and Fort Smith railroad, and for many years a resident of Little Rock, died at his home here of Bright's disease, aged 65. For several years past Mr. Ogden has been connected with the Southwestern Tariff bureau here.

Zapata Drouth Is Broken.

Laredo, Tex., April 15.—The drouth in this section was partially broken

Monday, in some portions of Webb and Zapata counties the rainfall was very heavy.

Large contributions for the relief of Zapata drouth sufferers are beginning to arrive in Laredo and are promptly forwarded.

Only Two Men Killed.

Muskogee, I. T., April 15.—It transpires that but two persons were wounded in the fight at Bragg, in the Cherokee Nation, where it was reported four men were killed and several injured.

RIOTS IN BELGIUM.

Police and Militia Succeeded So far in Demanding Order.

Brussels, April 15.—In consequence of disorders the pupils of several communal schools have been dismissed and the premises utilized as barracks for troops.

All factories and mines at Morlanwelz, Velare and Mabilbe have been closed.

Socialist disturbances occurred Monday night at Namur. A mob stoned the police, who charged with drawn swords. Subsequently a force of gendarmes scattered the rioters.

The strike is steadily extending in both this city and suburbs, and especially at Molenbeek, where a number of large factories have stopped work. Military and police have adopted more stringent measures to preserve order.

The burgomaster has refused socialist request to be allowed to follow their own devices in burying socialists killed during Saturday's riots. Orders have been issued for a procession to be held at 6 in the morning without bands or funeral emblems. Otherwise interment must be carried out at night.

It is estimated the strikers in Charleroi district now number 50,000. There are frequent parades there, but the town generally is peaceful in accordance with advice of strike leaders.

AUSTIN BUDGET.

Revenue Agent After Liquor Violators in Local Option Counties.

Austin, Tex., April 15.—State revenue agent, J. D. Cunningham, is now going after violators of the local option law in local option counties. He has discovered that a number of liquor dealers have taken out licenses from internal revenue department to carry on a liquor business in local option precincts. There are 64 counties who have state local option, and Cunningham has written to tax collectors instructing them to fully investigate the matter and report at once.

Governor Sayers this morning appointed Chas. O. Hall to be commissioner of deeds at Baltimore.

General quarantine against vessels entering Texas ports from infected ports, take effect to-day. State health officer Tabor has taken up headquarters at Galveston.

KANSAS CITY BOYCOTT.

Stock Yards Not Yet Affected by Efforts of Commission Men.

Kansas City, April 15.—The boycott started by Kansas City live stock commission men, who last week urged their customers to ship to other markets, has had no appreciable effect on receipts here, except possibly in the case of sheep.

Arrivals of cattle amounted to 5000 head against 6400 last week while receipts of hogs were 7000 against 6000 on last Tuesday. But 500 sheep were received compared with 4200 a week ago. However, as receipts of sheep generally are variable, this may not indicate anything.

It is said members of Stock Yards company are considering the question of bringing injunction proceedings against commission men to force them to call off the boycott.

Beckham Will Resist Consolidation.

Louisville, April 15.—The Post says Governor J. C. W. Beckham was asked if he would take any action to prevent the absorption of the Louisville and Nashville railroad by the Southern road if such attempt was made. He said:

"I have considered this matter, but am not ready to state at this time what steps I will take. My action will be governed by law of this state in this connection and it is well known what this law is."

This law forbids consolidation of railroad, telegraph, telephone, bridge or common carrier companies having parallel or competing lines.

Killing Near Big Sandy.

Big Sandy, Tex., April 15.—Lin Howell, an employee of the Cotton Belt railroad at this place, was shot and instantly killed Monday evening about two miles north of Big Sandy at the sand pit, while loading sand. J. A. Willingham, also an employee of the railroad company, was the only eye witness to the homicide. Walter Finch surrendered to officers and is now held for examination.

Dwelling Demolished by Storm.

Whitney, Tex., April 15.—During a wind and rain storm Saturday night a dwelling owned by F. P. Gilly and occupied by R. C. Burton, seven miles

north or Whitney, was demolished, together with all the furniture in the house. A vacant dwelling on the farm of R. H. Hampton was moved from its foundation a few feet.

National Editorial Association.

Hot Springs, Ark., April 15.—Many delegates to the eighteenth annual convention of the National Editorial association have arrived, and more coming in on every train. About 1500 are expected. The delegates will remain here nearly two weeks.

News in Brief.

The Orphans' Home of the Odd Fellows of Oklahoma has been located at Checotah, O. T.

The mother, two daughters and a son have been arrested in Grand Rapids, Mich., for the murder of the husband and father.

Governor Yates of Illinois has appealed to the people of his state to raise \$5,000,000 for the Boers.

Bird Shannon, 8 years old, fell under wheels of a wagon at Tishomingo, I. T., and was killed.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. J. W. Sydnor Dead.

The Houston Post says: John W. Sydnor, a well known cotton clerk, was stricken with apoplexy yesterday afternoon about 3 o'clock on Main street. He was taken into the Western Union office where he received medical attention and seemed to revive. An ambulance was summoned and the patient removed. He breathed his last about the time the infirmary was reached. Deceased was apparently in the best of health when he was attacked and the news of his death came as a severe shock to his relatives and friends. He was a native Texan and had resided in Houston most of his life. He was 44 years old and leaves a mother, two brothers, and four sisters.

Mr. Sydnor spent the past season in Bryan buying cotton and friends here were shocked by the news of his sudden death.

Lewis Shields Acquitted.

Friends in Bryan will be glad to learn Mr. H. V. Shields on yesterday received a telegram announcing that his nephew, Lewis T. Shields, charged with the murder of a man named McGee at Duke, Fort Bend county, last year, has been acquitted at Richmond. R. R. Knowles, who attended the trial as a witness, has returned.

President Houston returned to Austin Monday afternoon after his visit to the A. and M. college in company with Hon. Jefferson Johnson, commissioner of agriculture and a member of the board of directors. The new president was much pleased and impressed with the institution, and in his address to the students, by whom he was warmly received, showed that he is a far-sighted, broad-minded, liberal and justly disposed man who will carefully guard and foster the interests committed to his care. Dr. Houston will attend an educational meeting at Athens, Ga., April 24, as representative of the A. and M., and later on will return to College and spend a week looking into the work and methods of the institution as a part of his preparation for assuming his new duties. The faculty and officers of the college were most favorably impressed with the new president.

SOME PEACE TERMS.

Only a Partial Report Can Be Secured as to the Proposals.

The Hague, April 15.—From those close in touch with the Boer leaders here it appears that the latest secret dispatches from South Africa outline the peace proposals now under discussion at Pretoria. Only a partial report can be secured which is as follows:

The Boers accept a British £rd commissioner with a Boer executive, both to be resident at Pretoria.

The country to be divided into districts, with British district officers and a Boer committee, chosen by polling, by the burghers. The veto right to be given the government.

The majority of the British officers must be conversant with the Dutch language.

Johannesburg to be retroceded to the British civil organization.

A war indemnity of at least £10,000,000 to be distributed by mixed committees.

Disarmament to occur when the first batch of Boer prisoners is sent back to South Africa.

No taxes to be levied.

Both languages to be recognized in the schools and courts and in official documents.

The expense of the garrison in South Africa to be borne by Great Britain.

The present Boer leaders to be retained in office so far as possible.

BEALL THE WINNER.

Democratic Nominee for Congress of the Fifth Texas District.

Hillsboro, Tex., April 15.—It is now conceded that on the face of the returns Beall has carried the county by 180 and will be the first congressman of the new Fifth district.

Congressman Wooten, speaking about it, said there was no doubt that there were irregularities in the Hillsboro boxes and elsewhere in the county, but in view of the fact that the machinery of the election is in the hands of the Beall people, he considers a protest a forlorn hope, and has abandoned it, unless when the committee meets to canvass the returns such gross irregularities are brought to light as will make such a course a necessity. He is willing, if defeated fairly, to submit, and two years hence enter the lists against Beall again, when he is confident that the people, having realized the situation, will give him a big majority.

Speaking of the popular vote of the district, he said he had over 5000 more votes than Beall.

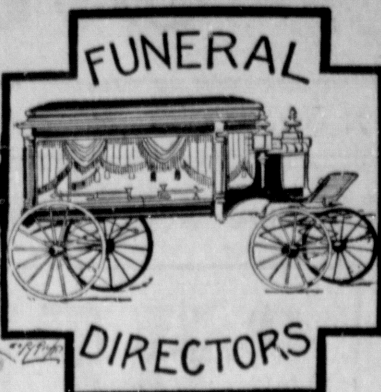

Jack Beall returned to Waxahachie Monday evening, leaving here at 6:50 on a special train carrying a large delegation of Hillsboro people who went up to attend a big celebration given there in his honor by citizens of Waxahachie.

J. W. Sydnor Dead.

The Houston Post says: John W. Sydnor, a well known cotton clerk, was stricken with apoplexy yesterday afternoon about 3 o'clock on Main street. He was taken into the Western Union office where he received medical attention and seemed to revive. An ambulance was summoned and the patient removed. He breathed his last about the time the infirmary was reached. Deceased was apparently in the best of health when he was attacked and the news of his death came as a severe shock to his relatives and friends. He was a native Texan and had resided in Houston most of his life. He was 44 years old and leaves a mother, two brothers, and four sisters.

Mr. Sydnor spent the past season in Bryan buying cotton and friends here were shocked by the news of his sudden death.

Lewis Shields Acquitted.

Friends in Bryan will be glad to learn Mr. H. V. Shields on yesterday received a telegram announcing that his nephew, Lewis T. Shields, charged with the murder of a man named McGee at Duke, Fort Bend county, last year, has been acquitted at Richmond. R. R. Knowles, who attended the trial as a witness, has returned.

LEE IN HOUSTON.

Great Auditorium Filled—Introduced by
Governor Sayers.

General Fitzhugh Lee was accorded one of the most enthusiastic receptions ever shown any one in Texas, in Houston last night. He was met at the train by bands, Confederate organizations, military companies, special committees and a vast number of onlookers.

He was given two grand receptions during the day.

The following is taken from the Post's report of his lecture:

"The main feature of his address was Cuba and the Spanish war. He told in plain language the leading incidents in his career as consul-general at Havana. His story of the escape of Evangelina Cisneros was thrilling indeed. His description of the blowing up of the Maine was done as though he was on board when the catastrophe occurred, and the frowns that were apparent on the countenances of his auditors showed how much his eloquent words were making them execrate the cowardly act.

His story of his first meeting with General Fred Funston was realistic indeed, and when he jocularly stated that, by assisting Funston in his clandestine escape from Cuba, he too had had something to do with the capture of Aguinaldo, the audience cheered and laughed. He interspersed his lecture with amusing anecdotes and kept the audience in good humor all the time. His peroration was worthy of the lecture, and he was cheered to the echo as he took his seat. There was an audience present, the vast auditorium being almost completely filled. On the stage, which was decorated with flowers, were seated a great many old Confederates, grand army men and various prominent citizens."

General Lee has wired accepting the engagement for Bryan Friday, April 18th.

The remains of Mr. A. B. Ballard were brought to Bryan from Sabinal yesterday morning, and funeral services were conducted at the home of Mr. W. W. Harris at 3 p. m., by Dr. J. D. West. The interment was made at the City cemetery under the auspices of the Maccabees.

The Arcade Hotel is now open and ready for business. Mrs. Collins, proprietress, respectfully asks a share of the public patronage.

President Houston returned to Austin Monday afternoon after his visit to the A. and M. college in company with Hon. Jefferson Johnson, commissioner of agriculture and a member of the board of directors. The new president was much pleased and impressed with the institution, and in his address to the students, by whom he was warmly received, showed that he is a far-sighted, broad-minded, liberal and justly disposed man who will carefully guard and foster the interests committed to his care. Dr. Houston will attend an educational meeting at Athens, Ga., April 24, as representative of the A. and M., and later on will return to College and spend a week looking into the work and methods of the institution as a part of his preparation for assuming his new duties. The faculty and officers of the college were most favorably impressed with the new president.

CARNEGIE LIBRARY ASSURED

TEN THOUSAND DOLLARS FOR A PUBLIC LIBRARY BUILDING IN BRYAN.

IT IS AN INVALUABLE ACQUISITION

One of the Biggest Things in Recent Years for the Good of the Town.

The following letter, handed to the Eagle yesterday by Dr. P. M. Raysor, shows that the persistent and earnest work of those who had the matter in charge, has resulted in the success of the movement to secure a Carnegie library building for Bryan:

New York, April 8, 1902.

Mr. T. W. Stewart, Galveston, Texas, Dear Sir:—In response to your communications, if the city of Bryan, Texas, will pledge itself by resolution of the council to supply a free public library at a cost of not less than one thousand dollars a year and provide a suitable site, Mr. Carnegie will be glad to furnish ten thousand dollars for the erection of a free public library building. Very respectfully,

JAMES BERTRAM,
Private Secretary.

Mr. T. W. Stewart, to whom the foregoing letter is addressed, is a son-in-law of Dr. W. H. Willson, of Bryan. His father is an old friend of Andrew Carnegie, and Mr. Stewart's friendly feeling for Bryan prompted him to lend his influence with Mr. Carnegie in behalf of the town.

The success of this important enterprise, as shown by the letter quoted, now hinges upon the action of the city council, and of course our public-spirited aldermen will respond readily to the wishes of the people in the matter, and pass the resolution required.

It is thought that ground in the city park, south of the city hall, will be devoted to the purpose. Action by the city council is expected at an early day, and this great institution may now be considered to be assured.

MR. MOORING'S FAREWELL ADDRESS.
To the Board of Aldermen of the City of Bryan:
In turning over the office of mayor of the city of Bryan to my worthy successor, Dr. Harrison, I desire, on retiring from office, to give expression to the uniform courtesy that has been extended me by my associates of the council during my term of office. We are to be congratulated that our co-labor has been harmonious and our associations the most pleasant. During my term of office I have had in mind solely the welfare of the people and the interest of our town. Some things might have been done which have not, and some things might have been done better. Some acts of mine during my administration may not have met the approval of all, but in justification I have this to say: my course has been directed solely for what I regarded the public good.
It is with pleasure that I note the development and natural prosperity of our city, and bespeak for my successor and his associates continued advancement of our community.
J. S. Mooring, Mayor.

CARNEGIE LIBRARY ASSURED

TEN THOUSAND DOLLARS FOR A PUBLIC LIBRARY BUILDING IN BRYAN.

IT IS AN INVALUABLE ACQUISITION

One of the Biggest Things in Recent Years for the Good of the Town.

The following letter, handed to the Eagle yesterday by Dr. P. M. Raysor, shows that the persistent and earnest work of those who had the matter in charge, has resulted in the success of the movement to secure a Carnegie library building for Bryan:

New York, April 8, 1902.

Mr. T. W. Stewart, Galveston, Texas, Dear Sir:—In response to your communications, if the city of Bryan, Texas, will pledge itself by resolution of the council to supply a free public library at a cost of not less than one thousand dollars a year and provide a suitable site, Mr. Carnegie will be glad to furnish ten thousand dollars for the erection of a free public library building. Very respectfully,

JAMES BERTRAM,
Private Secretary.

Mr. T. W. Stewart, to whom the foregoing letter is addressed, is a son-in-law of Dr. W. H. Willson, of Bryan. His father is an old friend of Andrew Carnegie, and Mr. Stewart's friendly feeling for Bryan prompted him to lend his influence with Mr. Carnegie in behalf of the town.

The success of this important enterprise, as shown by the letter quoted, now hinges upon the action of the city council, and of course our public-spirited aldermen will respond readily to the wishes of the people in the matter, and pass the resolution required.

It is thought that ground in the city park, south of the city hall, will be devoted to the purpose. Action by the city council is expected at an early day, and this great institution may now be considered to be assured.

COUNCIL MATTERS.

Further Proceedings of the Monday Meeting.

A franchise for a new electric light plant asked for by L. H. Fuller, was laid over until next meeting.

The mayor announced the following committees:

Finance—Howell and Knox.

Street—Johnson and Searcy.

Water and Light—Knox and Johnson.

Cemetery—Searcy and Stevenson.

Fire—Stevenson and Howell.

A motion prevailed that committees be required to o. k. each bill incurred by any employee of the city, coming under said committee's jurisdiction.

The mayor was made an ex-officio member of each committee.

On motion, the time for the regular meeting of the council was changed from second Mondays at 4 p. m. to second Fridays at 8 p. m.

On motion, the street committee was instructed to employ a man to look after loose stock, out in violation of the stock law, all fees to go to the city, and said employee to be paid a salary not to exceed \$35 per month.

MR. MOORING'S FAREWELL ADDRESS. To the Board of Aldermen of the City of Bryan:

In turning over the office of mayor of the city of Bryan to my worthy successor, Dr. Harrison, I desire, on retiring from office, to give expression to the uniform courtesy that has been extended me by my associates of the council during my term of office. We are to be congratulated that our co-labor has been harmonious and our associations the most pleasant. During my term of office I have had in mind solely the welfare of the people and the interest of our town. Some things might have been done which have not, and some things might have been done better. Some acts of mine during my administration may not have met the approval of all, but in justification I have this to say: my course has been directed solely for what I regarded the public good.

It is with pleasure that I note the development and natural prosperity of our city, and bespeak for my successor and his associates continued advancement of our community.

J. S. Mooring, Mayor.

Dr. Harrison's message to the council will appear later.

NOTHING TO GIVE OUT

Negotiations With Boers Bring to Light No New Information.

STILL THERE IS HOPE

Mr. Balfour Says He Will Give Parliament Information as Soon as Received—Consols Affected by the Loan Contemplated.

London, April 15.—Budget proposals presented to the house of commons were received fairly well on the stock exchange here where varied departments developed no particular feature with the exception of a drop in consols on selling, preparatory to issue of the new loan, which operators generally consider will take form of a fresh issue of consols.

Operators on exchange continued to be hopeful as to the outcome of the peace conference at Pretoria.

British cabinet met at noon to-day. Among other business considered was the reply of Boer leaders to the government's communication mentioned by A. J. Balfour, the government leader in the house of commons.

The government leader, A. J. Balfour, replying to the question in the house of commons announced the ministers had no information to impart on the subject of South African peace negotiations nor under the circumstances could any information be imparted at the present stage of negotiations. Mr. Balfour added he would immediately inform parliament of the fact when they had any news to communicate.

All Rail Route to Klondike

Seattle, Wash., April 15.—It is expected that work on a railroad from Valdes to Eagle City will begin shortly and will be rushed to completion without delay. The company which will construct the road is an English and American concern, and is capitalized at \$3,000,000. The distance to be covered by the railway is 400 miles. It will provide an all American route to the Klondike.

Palma Leaves for Cuba

New York, April 15.—Tomas Estrada Palma, president-elect of Cuba, took leave to-day of his friends of Central Valley, N. Y., among whom he had lived during 18 years of exile from his country and came to this city. He will remain here until to-morrow when he starts south for Cuba. He will reach Havana May 9th, the day before the Cuban congress convenes.

Miss Paddock Sponsor

Fort Worth, Tex., April 15.—Robert Lee camp of Confederate veterans has elected Miss Virgil Paddock to be chief maid of honor to chief sponsor, Miss Davis, of Louisiana, at the Confederate reunion at Dallas. The appointment made at request of General Gordon. Appointee is the daughter of ex-Mayor Paddock of this city.

Twelve-Inch Gun Burst

Queenstown, April 15.—Gunner Lieutenant H. S. Bourns, Lieutenant Miller and nine blue jackets were instantly killed by the bursting of a 12-inch gun on board the British first-class battleship Mars during gun practice off Berehaven. In addition several men were injured by the explosion.

Goes Through a Bridge

Glendive, Mont., April 15.—The Northern Pacific east bound passenger broke through a bridge west of this place Monday afternoon. The mail, express car and three coaches were wrecked and burned. With the exception of the mail clerk, who sustained a scalp wound, no one was injured. Traffic was delayed about 20 hours.

Insurance Agents Abandon Vicksburg

Vicksburg, Miss., April 15.—Special agents of all insurance companies doing business here met to-day and later all local agents reported they had suspended business. Trouble grows out of the failure of the city to reorganize the fire department which it is claimed is incompetent. The companies demand a new fire chief and general reorganization.

Methodist Minister Suicides

Laconia, Ia., April 15.—Rev. Samuel Krell, pastor of the Methodist church here, and who served two years in the Philippines as a private soldier in the Fifty-first Iowa volunteers, committed suicide here. He was despondent over his inability to secure a larger attendance at his church meetings.

Grain Broker Dead

New York, April 15.—William H. Wallace, a prominent member of the Produce Exchange, and known among grain men all over the United States, is dead. He was a nephew of James Wallace, one of the first presidents of the New York Chamber of Commerce.

Berry Howard on Trial

Frankfort, Ky., April 15.—Trial of Berry Howard of Bell county, charged with being one of five principals in murder of William Goebel, was begun in Franklin circuit court. Ex-Congressman Colson is chief counsel for defendant.

Sworn to Secrecy

Chicago, April 15.—Delegates to the convention of Women's Catholic Order of Foresters were sworn not to divulge proceedings of the convention. This is something novel in women orders.

Russian Minister Assassinated

St. Petersburg, April 15.—Minister of the interior, M. Sipiaguine, was shot and killed in the lobby of the ministerial offices by a man who held a pistol close to the minister's person.

LOUISVILLE AND NASHVILLE

It Looks as Though Morgan Has Got That Road.

New York, April 15.—Negotiations looking to a settlement of the Louisville and Nashville situation were resumed at the banking house of J. P. Morgan & Co. The conference began almost before the opening of the stock market. The conference included August Belmont, President Spencer, of the Southern railway, George W. Perkins and Wm. P. Hamilton, Mr. Morgan's partners and Talbot J. Taylor, of stock exchange firm of T. J. Taylor & Co. Mr. Taylor is son-in-law of James R. Keene.

It is also declared one or more representatives of Gates' party attended, but this could not be confirmed. Mr. Gates was at his office, but denied himself to all interviewers. There was reason to believe Gates and associates would issue a statement explaining their position in the course of the day.

On the stock exchange the Louisville and Nashville stock sold up to 131½ on opening sales, but fell back to neighborhood of 129. There was enormous demand for Southern railway stock which lifted them 3½ for common and 3½ for preferred. The buying was by Morgan brokers and was interpreted as indicating a settlement of the question of the control of Louisville and Nashville in favor of Southern interests.

Illinois Central also rose 1½. Dealings in Southern railway common on the stock exchange during the first hour amounted to about 350,000 shares and for two hours upwards of half million shares. This breaks all records dealing in single stock for one hour and for two hours.

Later in the day J. G. Harris, of Harris, Gates & Co., representing Gates' interest, announced they had bought control of Louisville and Nashville.

THE CORPSE WAS ALIVE.

Supposed Dead Man Sits up After Being Placed in the Coffin.

New York, April 15.—Four assistants to an undertaker suddenly dropped a coffin they were carrying out of the Paterson, N. J., jail door when the supposed corpse broke open the lid and sat up and the Italian said he was not dead. He was Alexander Schaezletta, who had been imprisoned for some slight offense.

He had been called Monday morning by the keeper, but did not respond. His cell was opened and the man could not be aroused. The jailer then sent for a physician, telling him that a prisoner had died in the night, the doctor made a careful examination and pronounced the man dead and an undertaker was sent for. As his employers were carrying the supposed corpse out to the wagon Schaezletta opened his eyes and sat up in the coffin. For two days he talked incessantly in jail, but on Saturday he apparently lost the power of speech, only to recover it in the coffin when he abused the undertakers' assistants. The jail physician ordered his release.

CHASING OUTLAWS.

Picked Men Gone After the Gang That Has Been Raiding Stores.

Gate City, Va., April 15.—A large force of heavily armed picked men are on the trail of the Wright and Templeton gang of outlaws for the purpose of driving them from their mountain stronghold and a bloody battle is expected when the forces meet. Officers now claim to have positive proof the gang was the one which robbed Reynolds' store and postoffice at Purchase, Scott county, last Wednesday night and the store and postoffice at Skelton, Tenn., Saturday morning.

Much excitement now prevails throughout those portions of Virginia and Tennessee. Merchants all over that county have stationed guards at their stores.

DAMAGE BY HAIL.

In the Vicinity of Alvin Alone It Is Estimated at \$30,000.

Houston, April 15.—Late reports from the section visited by the hail storm of Sunday night show that great damage has been done berries, cotton and corn. The loss at Alvin to strawberries alone is estimated at \$30,000, with as much more at Webster, Dickinson, and League City. Fayette County suffered greatly from hail, cotton and corn being beaten into the ground, and fruit and shade trees almost stripped of fruit and foliage. It is claimed that stones over an inch in diameter fell in the locality of Swiss Alp. A number of mules, cows and horses were killed by lightning at different points, while barns and one residence were burned after being struck.

Plasterers' Helpers Strike.

New York, April 15.—Four thousand plasterers' helpers struck here for an increase of wages from \$3 to \$3.50 per day. The plasterers' request for an advance from \$4.50 to \$5 a day was granted, but the plasterers' employers' association has declared that under no circumstances will it consent to give the increase of 50 cents to the laborers. A strike of the laborers will necessarily compel a stoppage of work by 4000 plasterers. It is said, however, that the United Board of Building Trades will not order a sympathetic strike of the affiliated unions.

Bank Robbery Fails.

Maiden Rock, Wis., April 15.—Burglars made an unsuccessful attempt to blow up the bank here Monday night. The explosion was so heavy several buildings were wrecked and the whole town awakened. The safe blowers escaped on a hand car.

London, April 15.—Budget proposals presented to the house of commons were received fairly well on the stock exchange here where varied departments developed no particular feature with the exception of a drop in consols on selling, preparatory to issue of the new loan, which operators generally consider will take form of a fresh issue of consols.

Operators on exchange continued to be hopeful as to the outcome of the peace conference at Pretoria.

British cabinet met at noon to-day. Among other business considered was the reply of Boer leaders to the government's communication mentioned by A. J. Balfour, the government leader in the house of commons.

The government leader, A. J. Balfour, replying to the question in the house of commons announced the ministers had no information to impart on the subject of South African peace negotiations nor under the circumstances could any information be imparted at the present stage of negotiations. Mr. Balfour added he would immediately inform parliament of the fact when they had any news to communicate.

All Rail Route to Klondike.

Seattle, Wash., April 15.—It is expected that work on a railroad from Valdes to Eagle City will begin shortly and will be rushed to completion without delay. The company which will construct the road is an English and American concern, and is capitalized at \$3,000,000. The distance to be covered by the railway is 400 miles. It will provide an all American route to the Klondike.

Palma Leaves for Cuba.

New York, April 15.—Tomas Estrada Palma, president-elect of Cuba, took leave to-day of his friends of Central Valley, N. Y., among whom he had lived during 18 years of exile from his country and came to this city. He will remain here until tomorrow when he starts south for Cuba. He will reach Havana May 9th, the day before the Cuban congress convenes.

Miss Paddock Sponsor.

Fort Worth, Tex., April 15.—Robert Lee camp of Confederate veterans has elected Miss Virgile Paddock to be chief maid of honor to chief sponsor, Miss Davis, of Louisiana, at the Confederate reunion at Dallas. The appointment made at request of General Gordon. Appointee is the daughter of ex-Mayor Paddock of this city.

Twelve-Inch Gun Burst.

Queensdown, April 15.—Gunner Lieutenant H. S. Bourns, Lieutenant Miller and nine blue jackets were instantly killed by the bursting of a 12-inch gun on board the British first-class battleship Mars during gun practice off Berehaven. In addition several men were injured by the explosion.

Goed Through a Bridge.

Glendive, Mont., April 15.—The Northern Pacific east bound passenger broke through a bridge west of this place Monday afternoon. The mail, express car and three coaches were wrecked and burned. With the exception of the mail clerk, who sustained a scalp wound, no one was injured. Traffic was delayed about 20 hours.

Insurance Agents Abandon Vicksburg.

Vicksburg, Miss., April 15.—Special agents of all insurance companies doing business here met to-day and later all local agents reported they had suspended business. Trouble grows out of the failure of the city to reorganize the fire department which it is claimed is incompetent. The companies demand a new fire chief and general reorganization.

Methodist Minister Suicides.

Laconia, Ia., April 15.—Rev. Samuel Krell, pastor of the Methodist church here, and who served two years in the Philippines as a private soldier in the Fifty-first Iowa volunteers, committed suicide here. He was despondent over his inability to secure a larger attendance at his church meetings.

Grain Broker Dead.

New York, April 15.—William H. Wallace, a prominent member of the Produce Exchange, and known among grain men all over the United States, is dead. He was a nephew of James Wallace, one of the first presidents of the New York Chamber of Commerce.

Berry Howard on Trial.

Frankfort, Ky., April 15.—Trial of Berry Howard of Bell county, charged with being one of five principals in murder of William Goebel, was begun in Franklin circuit court. Ex-Congressman Colson is chief counsel for defendant.

Sworn to Secrecy.

Chicago, April 15.—Delegates to the convention of Women's Catholic Order of Foresters were sworn not to divulge proceedings of the convention. This is something novel in women orders.

Russian Minister Assassinated.

St. Petersburg, April 15.—Minister of the interior, M. Siplaguine, was shot and killed in the lobby of the ministerial offices by a man who held a pistol close to the minister's person.

NOTHING TO GIVE OUT

It Looks as Though Morgan Has Got That Bank.

New York, April 15.—Negotiations looking to a settlement of the Louisville and Nashville situation were resumed at the banking house of J. P. Morgan & Co. The conference began almost before the opening of the stock market. The conference included August Belmont, President Spencer, of the Southern railway, George W. Perkins and Wm. P. Hamilton, Mr. Morgan's partners and Talbot J. Taylor, of stock exchange firm of T. J. Taylor & Co. Mr. Taylor is son-in-law of James R. Keene.

It is also declared one or more representatives of Gates' party attended, but this could not be confirmed. Mr. Gates was at his office, but denied himself to all interviewers. There was reason to believe Gates and associates would issue a statement explaining their position in the course of the day.

On the stock exchange the Louisville and Nashville stock sold up to 131 1/2 on opening sales, but fell back to neighborhood of 129. There was enormous demand for Southern railway stock which lifted them 3 1/2 for common and 3 1/2 for preferred. The buying was by Morgan brokers and was interpreted as indicating a settlement of the question of the control of Louisville and Nashville in favor of Southern interests.

Illinois Central also rose 1 1/2.

Dealings in Southern railway common on the stock exchange during the first hour amounted to about 350,000 shares and for two hours upwards of half million shares. This breaks all records dealing in single stock for one hour and for two hours.

Later in the day J. G. Harris, of Harris, Gates & Co., representing Gates' interest, announced they had bought control of Louisville and Nashville.

THE CORPSE WAS ALIVE.

Supposed Dead Man Sits up After Being Placed in the Coffin.

New York, April 15.—Four assistants to an undertaker suddenly dropped a coffin they were carrying out of the Paterson, N. J., jail door when the supposed corpse broke open the lid and sat up and the Italian said he was not dead. He was Alexander Schazeletta, who had been imprisoned for some slight offense.

He had been called Monday morning by the keeper, but did not respond. His cell was opened and the man could not be aroused. The jailer then sent for a physician, telling him that a prisoner had died in the night, the doctor made a careful examination and pronounced the man dead and an undertaker was sent for. As his employers were carrying the supposed corpse out to the wagon Schazeletta opened his eyes and sat up in the coffin. For two days he talked incessantly in jail, but on Saturday he apparently lost the power of speech, only to recover it in the coffin when he abused the undertakers' assistants. The jail physician ordered his release.

CHASING OUTLAWS.

Picked Men Gone After the Gang That Has Been Raiding Stores.

Gate City, Va., April 15.—A large force of heavily armed picked men are on the trail of the Wright and Templeton gang of outlaws for the purpose of driving them from their mountain stronghold and a bloody battle is expected when the forces meet. Officers now claim to have positive proof the gang was the one which robbed Reynolds' store and postoffice at Purchase, Scott county, last Wednesday night and the store and postoffice at Skelton, Tenn., Saturday morning.

Much excitement now prevails throughout those portions of Virginia and Tennessee. Merchants all over that country have stationed guards at their stores.

DAMAGE BY HAIL.

In the Vicinity of Alvin Alone It Is Estimated at \$30,000.

Houston, April 15.—Late reports from the section visited by the hail storm of Sunday night show that great damage has been done berries, cotton and corn. The loss at Alvin to strawberries alone is estimated at \$30,000, with as much more at Webster, Dickinson, and League City. Fayette County suffered greatly from hail, cotton and corn being beaten into the ground, and fruit and shade trees almost stripped of fruit and foliage. It is claimed that stones over an inch in diameter fell in the locality of Swiss Alp. A number of mules, cows and horses were killed by lightning at different points, while barns and one residence were burned after being struck.

Plasterers' Helpers Strike.

New York, April 15.—Four thousand plasterers' helpers struck here for an increase of wages from \$3 to \$3.50 per day. The plasterers' request for an advance from \$4.50 to \$5 a day was granted, but the plasterers' employers' association has declared that under no circumstances will it consent to give the increase of 50 cents to the laborers. A strike of the laborers will necessarily compel a stoppage of work by 4000 plasterers. It is said, however, that the United Board of Building Trades will not order a sympathetic strike of the affiliated unions.

Bank Robbery Fails.

Malden Rock, Wis., April 15.—Burglars made an unsuccessful attempt to blow up the bank here Monday night. The explosion was so heavy several buildings were wrecked and the whole town awakened. The safe blowers escaped on a hand car.
